Summer vacation brings easy mornings, relaxing afternoons and playful evenings. It also brings a good time to plunge into the sea of imagination and creativity.

So let's get ready to learn something new every day.

These activities are designed to:

Encourage creativity and independent thinking

Foster healthy reading and writing habits

I encourage students to approach these tasks with curiosity and sincerity, without letting them overshadow the joy of the holidays. Parents are requested to guide and motivate their children, ensuring a balance between study, play, and rest.

Remember, learning is not confined to classrooms—it happens in conversations, in nature, in books, and in the little experiences of everyday life.

Let's be safe at home and enjoy with our parents and grandparents.
